I am calling about the research project called Youth in Focus which you are part of. This is a study of national importance, supported by the government, for the benefit of all young Australians.

We'll be sending you \$15 as a thank you for taking part in this survey. To qualify for the \$15, you will need to complete both the telephone survey and the short mail-out or on-line survey. The survey takes about 25 minutes, your participation is voluntary and you may terminate the interview at any time.

As you may remember, two years ago in 2006 you participated in the Youth in Focus survey. This is the second wave of the survey, and we would like to ask you some questions about your experiences during the past two years.

IF MORE INFORMATION ON THE SURVEY IS REQUIRED: Youth in Focus is about the experiences of young people in Australia. It aims to get a more accurate picture of how young people are doing economically and socially. The research will help our understanding of how young people are doing in education, work, and life in general and this will be used to help the government develop more effective ways of providing services to those who need them.

IF NECESSARY/ RESPONDENT DID NOT RECEIVE APPROACH LETTER: If you would like, I can provide you with a web page where you can find out more information about the project. (NOTE: PLEASE CONTINUE INTERVIEW)

IF NECESSARY SAY (I.E. RESPONDENT HESITATES OR ASKS ABOUT PRIVACY): All information will be treated in the strictest confidence and will not affect any government benefits that you might be getting.

IF ASK WHO THE CLIENT, HIT ESC H AND SELECT CLIENT\$H.

IF RESPONDENT ASKS FOR MORE INFO ABOUT THIS PROJECT OR ROY MORGAN RESEARCH, HIT ESC H AND SELECT RMR\$H.

IF RESPONDENT HAS CONCERNS ABOUT PRIVACY ISSUES, HIT ESC H AND SELECT ISSUE\$H

#### **ASK ALL YOUTH RESPONDENTS**

[Single]

SCR1. Are you happy to participate in the Youth in Focus survey?

1 YES

2 NO

#### **IF NOT WILLING TO PARTICIPATE (CODE 2 ON SCR1), SAY:**

[Single]

SCR2. This is a very important study to help understand Australian families and how young people gain independence. We can call back at another time or at another number, if it is more convenient. What would be most convenient?

INTERVIEWER NOTE: IF THIS IS THE FIRST SCREEN, HIGHLIGHT CODE 1 TO CONTINUE.

INTERVIEWER NOTE: USE ONE OR MORE OF THE BELOW TEXTS IF NEEDED.

The success of this research depends on your ongoing involvement as this study is based on interviewing the same people over some years to ensure our sample is representative of young people in Australia

The success of the study this year will influence government funding for it into the future therefore it is important that we interview as many people who participated in the study form two years ago as we cannot replace these with any new interviews

By participating and offering your opinion you are representing other young people just like yourself.

The results of the study are used by a range of academics and the government departments to ensure that future policies and services are based on real data - that is based on the information you give us

### General information on the Project

**WHAT IS THE PROJECT ABOUT?:** Youth in Focus is about the experiences of young people in Australia. It aims to get a more accurate picture of how young people are doing economically and socially. It is important to us to find out both the views of young people and of their parents. The research will help our understanding of how young people are doing in education, work, and life in general and this will be used to help the government develop more effective way so providing services to those who need them. We will be studying young people's choices about and attitudes to education, work, living at home, moving away from home, their relationships and their health. We are also very interested in parents' experiences of raising their children and in trying to help them get ahead in life.

**IF RESPONDENT ASKS FOR MORE INFORMATION ABOUT THE PROJECT:** More information on the project can be accessed from the web page: <http://youthinfocus.anu.edu.au/home.htm>. They can also look at the web page for answers to other questions or to email questions to the research team.

**IF ASK FOR 'YOUTH IN FOCUS' HOTLINE OR EMAIL ADDRESS:** The number for the 'Youth in Focus' hotline is 1800 647 466 or you can email us at [yif@roymorgan.com](mailto:yif@roymorgan.com).

### Data concerns

**IF RESPONDENT ASKS TO HAVE THEIR DATA DELETED SAY:**

Under the Privacy Act you have the right to withdraw your consent to participate in the survey at any time. If you want me to delete all your responses to this survey I can do so. However, we request that you allow us to keep your answers and hope that you accept our assurance that your data will be kept confidential and only used for research purposes. The information that you provide in this survey will not be passed on to any government agency.

IF RESPONDENT STILL WANTS DATA DELETED, TERMINATE INTERVIEW AND SELECT CODE 150.

**IF RESPONDENT HAS CONCERNS ABOUT PRIVACY ISSUES, SAY:** All information that you provide will be treated with the strictest confidence. Your responses will not be passed back to Centrelink. There are many steps that are being taken to guarantee your privacy. First, none of the information you provide for this study will affect any government payments that you might be receiving. Secondly, Roy Morgan Research has only your name and contact information. We have no other information about you. Thirdly, the researchers at the Australian National University will only be given your responses to the study but they will not have any personal identifying information about you. All of this information will be removed from the data before it is provided to the university researchers.

If necessary: remind them that participation is voluntary.

If you are concerned about privacy issues or Roy Morgan Research's compliance with the Privacy Act, you can phone us on 1800 337 332.

**IF RESPONDENT HAS ETHICS CONCERNS:** This study was approved by the ANU Human Research Ethics Committee (protocol 2004/279). If you have any queries about the ethical aspects of the

survey, you can contact the ANU Ethics Committee at (02) 6125 7945. The contact details of the Ethics Committee are also available from the survey's web-site <http://youthinfocus.anu.edu.au>

### Centrelink-related concerns

#### **IF RESPONDENT ASKS WHAT TYPE OF DATA FROM CENTRELINK HAS BEEN MADE AVAILABLE TO**

**ANU:** The Centrelink data includes information about a person's characteristics (such as age) and the amount of their social security payments. The researchers at the ANU have access to this information but they do not know any identifying information about you such as name or contact details. The researchers have agreed to strict confidentiality requirements to protect your privacy. Roy Morgan Research does not have access to these data. None of your answers will be used to affect any Centrelink payments you might be receiving.

IF ASKED "What data do RMR have, and what will ANU end up with?", SAY: Roy Morgan Research has only your name and contact information. We have no other information about you. The researchers at Australian National University will only be given your responses to the study but they will not have any personal identifying information about you.

IF ASKED "What data do ANU have now on me?", SAY: The researchers at the ANU have information on social security payments but they do not know your name or any contact details. If you agree to participate in the survey, the Australian National University will be provided with your responses, but they will not be provided with any identifying information. They will not be given your name, address or phone number. They are legally and morally required to protect your confidentiality.

IF ASKED "What payments?", SAY: Payments such as Youth Allowance, and Family Tax Benefit.  
IF ASKED "But I've never received any payments.", SAY: The database contains people who have never received payments in which case there will be no payment information.

**IF RESPONDENT SEEMS SURPRISED THAT THEY HAVE A CENTRELINK RECORD:** Anyone who has received or applied for any type of social security payment, such as Family Tax Benefit or Child Care Benefit, has a Centrelink record. This sample is not based upon CURRENT Centrelink records - your last contact with Centrelink may have been more than 10 years ago. Most young people have a Centrelink record because their parents received Family Assistance while they were growing up. Other young people, who receive some form of social security payment (such as Youth Allowance), have a Centrelink record in their own right.

Sample was obtained from Centrelink in combination with the Australian Government Department of Families, Community Services, and Indigenous Affairs. Sample was obtained from current and PAST Centrelink records, thus your last contact with Centrelink may have been more than 10 years ago.

#### **IF RESPONDENT QUESTIONS THE LEGAL BASIS FOR CENTRELINK HAVING GIVEN OUT THEIR**

**CONTACT DETAILS:** You are right that Centrelink records are not normally given out for surveys. Centrelink records can only be used for a study such as this when the study is deemed to have national importance and when the confidentiality of participants can be assured. The Commonwealth Government has approved this study under these strict criteria.

IF NECESSARY: Remind them that participation is voluntary.

IF NECESSARY: Tell them that they can call Centrelink and ask that their details not to be given out for research purposes. Roy Morgan Research cannot do this for you as we are restricted by privacy requirements from passing any information about you back to Centrelink. If that does not satisfy them, then we implement the protocol which has been designed, i.e. asking them permission to have someone at Centrelink contact them to discuss their concerns.
